Availability Date

This Proxy Statement and the proxy card are being given or made available (via the internet) on and after April 10, 2014 to Spartan Motors' shareholders as of the record date.

Purposes of the Meeting

The purposes of the annual meeting are to:

- (1) vote on the election of three directors to three-year terms expiring in 2017
- (2) vote on the ratification of the appointment of BDO USA, LLP as Spartan Motors' independent registered public accounting firm for the current fiscal year;
- (3) participate in an advisory vote to approve the compensation of our executives; and

We do not know of any other matters to be presented for consideration at the annual meeting. If any other matters are presented, the persons named as proxies on the enclosed proxy card will have discretionary authority to vote on those matters in accordance with their judgment.

Record Date

You may vote at the meeting if you were a shareholder of record of Spartan Motors common stock on March 24, 2014. Each such shareholder is entitled to one vote per share on each matter presented for a shareholder vote at the meeting.

As of March 24, 2014, there were 34,186,531 shares of Spartan Motors common stock outstanding.

How to Vote Your Shares

By Mail: If you are a shareholder of record, that is, your common stock is registered directly in your name with the transfer agent, American Stock Transfer & Trust Co., you may vote by returning the enclosed proxy card. If you properly complete and sign the enclosed proxy card and return it so that we receive it before the meeting, the shares of Spartan Motors common stock represented by your proxy will be voted at the annual meeting and any adjournment of the annual meeting, as long as you do not revoke the proxy before or at the meeting.

By Internet Before the Annual Meeting: If voting by Internet before the annual meeting, go to the website printed on the proxy card or www.proxyvote.com and enter the control number printed on the proxy card. Your control number is the 11-digit number located beneath the Company name and account number on the upper right side of your proxy material. Proceed to follow the instructions provided.

By Internet During the Annual Meeting: Use your computer to access the website printed on the proxy card or www.proxyvote.com and follow the instructions to vote during the meeting.

Regardless of how you vote, if you specify a choice, your shares will be voted as specified. If you do not specify a choice on your signed, returned proxy, your shares will be voted: (1) <u>for</u> the election of all nominees for director named in this Proxy Statement, (2) <u>for</u> the ratification of the appointment of BDO USA, LLP as Spartan Motors' independent registered public accounting firm for the current fiscal year, (3) <u>for</u> the approval of the compensation of our executives, and (4) with respect to any other matters that may come before the meeting or any adjournment of the meeting, in accordance with the discretion of the persons named as proxies on the proxy card.

"Street Name" Shareholders

If you hold your shares in "street name," that is, your shares are registered in the name of a bank, broker or other nominee, which we will collectively refer to as your "**broker**," your broker must vote your shares if you provide it with proper and timely voting instructions. Please check the voting forms and instructions provided by your broker or its agent.

How to Revoke Your Proxy

If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the meeting by doing any of the following four things:

- by delivering written notice of revocation to Spartan Motors' Corporate Secretary, 1541 Reynolds Road, Charlotte, Michigan 48813;
- by delivering a proxy card bearing a later date than the proxy that you wish to revoke;
- by casting a subsequent vote via Internet; or
- by attending the virtual meeting and voting.

Your last vote properly received before the polls are closed at the meeting is the vote that will be counted. Please note that attending the meeting will not by itself revoke your proxy.

If you are a street name holder and have instructed your broker to vote your shares, you must follow directions from your broker to change your vote.

Quorum

In order for business to be conducted at the meeting, a quorum must be present. The presence in person or by properly executed proxy of the holders of at least a majority of all of the issued and outstanding shares of Spartan Motors common stock entitled to vote is necessary for a quorum at the meeting. For purposes of determining whether a quorum is present, we will include shares that are present or represented by proxy, including abstentions and broker non-votes.

Adjournment

The shareholders present at the meeting, in person or represented by proxy, may by a majority vote adjourn the meeting despite the absence of a quorum. If there is not a quorum at the meeting, we expect to adjourn the meeting to solicit additional proxies.

Required Votes

Election of Directors. A plurality of the shares voting is required to elect directors. This means that the nominees who receive the most votes will be elected to the open director positions. In counting votes on the election of directors, abstentions, broker non-votes, and other shares not voted will be counted as not voted.

Advisory Vote on Executive Compensation. The proposal to approve the compensation of our executives, as described in this Proxy Statement, is an advisory vote only. The Company will disclose the results of this vote, but is not required to take action based upon the outcome of this vote. However, the Human Resources and Compensation Committee of the Board intends to consider the outcome of the vote when considering future executive compensation arrangements.

Other Matters. The proposal to ratify the appointment of BDO USA, LLP as Spartan Motors' independent registered public accounting firm for the current fiscal year will be approved if a majority of the shares voted at the meeting are voted in favor of the proposal. In counting votes on this proposal, abstentions and broker non-votes will not be counted as voted. Shares that are not voted will be deducted from the total shares of which a majority is required.

We do not know of any other matters to be presented for shareholder action at the annual meeting.

Broker Non-Votes. A broker non-vote occurs when a shareholder holds his or her stock through a broker and the broker does not vote those shares. This usually occurs because the broker has not received timely voting instructions from that shareholder and the broker does not have discretionary voting power for the particular item upon which the vote is taken.

It is important that you instruct your broker how to vote shares held by you in street name using the vote instruction form provided by your broker. Your broker should vote your shares as you direct if you provide timely instructions on how to vote by following the information provided to you by your broker.

Proposal: Election of Directors

Nominees for Election

The Board of Directors proposes that the following three individuals be elected as directors of Spartan Motors for three-year terms expiring at the annual meeting of shareholders to be held in 2017:

However, if any or all of the nominees become unable to serve or otherwise unavailable for election, which we do not anticipate, the incumbent Board of Directors may or may not select a substitute nominee or nominees. If a substitute nominee or nominees is or are selected, the shares represented by your proxy card will be voted for the election of the substitute nominee(s), unless you give other instructions. If a substitute is not selected, all proxies will be voted for the election of the remaining nominee(s). Proxies will not be voted for more than three nominees.

Your Board of Directors recommends that you vote FOR the election of each nominee.

Thomas T. Kivell (age 61) joined the Company as Vice President and General Counsel in November of 2008. Mr. Kivell joined Spartan from GE Aviation, where he served as general counsel to its Digital Systems business unit, and its predecessor, Smiths Aerospace, since 1996. During his tenure there, he was the senior legal staff member responsible for the Electronic Systems unit of Smiths Aerospace, and served as the sole attorney for Smiths Aerospace in the United States over a four-year period. In 2002, he was a founder of a new legal and compliance department for Smiths Aerospace, unifying several other legal and compliance departments. Prior to his position with GE Aviation and Smiths Aerospace, he was co-owner and CEO of a general design and contracting firm. Mr. Kivell also founded and managed a private law practice. In his career, he has also served in legal counsel and contract management positions for Armored Vehicle Technologies Associated, a joint venture between General Dynamics Land Systems and FMC Corporation, and with General Dynamics Land Systems. Before beginning his legal career, Mr. Kivell was a project engineer for tracked military vehicle programs. Mr. Kivell also serves as a Vice President and as Secretary of Spartan Motors, Inc.

Board Meetings, Annual Meeting, and Committees

Spartan Motors' Board of Directors held eight meetings during 2013. With one exception, each director who served as a director during 2013 attended at least 75% of the aggregate of (1) the total number of Board of Directors meetings and (2) the total number of meetings held by all committees of the Board of Directors on which he served (held during the periods that he served on such committees). Mr. Dauch attended 73% of the aggregate of the total number of Board of Directors meetings and the total number of meetings held by all committees on which he served during 2013. Spartan Motors does not have a policy regarding director attendance at annual shareholder meetings. Typically, all or most of the directors of Spartan Motors attend the annual shareholder meeting. All of the directors of Spartan Motors who were directors at that time attended the annual meeting of shareholders in 2013. Independent directors also meet regularly in executive sessions without the presence of management.

The Board of Directors has determined that Messrs. Current, Kaczmarek, Sloan, Harbour, Dauch, and Rooke are "independent," as that term is defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules.

The Board of Directors has three standing committees: the Audit Committee, the Human Resources and Compensation Committee, and the Corporate Governance and Nominating Committee. Information regarding each of the committees as of the mailing date of this Proxy Statement is as follows:

Audit Committee. The Audit Committee has been established in accordance with the Securities Exchange Act of 1934. Its primary purpose is to provide assistance to the Board of Directors in fulfilling its oversight responsibility relating to: Spartan Motors' financial statements and the accounting and financial reporting process; Spartan Motors' systems of internal accounting and financial controls; the qualification and independence of its independent registered public accounting firm; the annual independent audit of Spartan Motors' financial statements; legal and regulatory compliance; and ethics issues. Among other things, the Audit Committee oversees the integrated audit of the financial statements and internal control over financial reporting and is directly responsible for the selection, appointment, compensation, retention and oversight of the work of the independent registered public accounting firm engaged by Spartan Motors, and exercises direct oversight of the Company's Manager of Business Risk. The Audit Committee operates pursuant to a written charter adopted by the Board of Directors that is available for viewing at the Company's website, www.spartanmotors.com.

The Audit Committee has a Pre-Approval Policy related to the audit and non-audit services performed by the independent registered public accounting firm. All services provided by the independent registered public accounting firm engaged by the Company are within general pre-approval limits; or, up to a certain dollar amount, approved by the Chairman of the Audit Committee, who must communicate the approval to the full Audit Committee; or, above a certain dollar amount, approved by the full Audit Committee. The general pre-approval limits are detailed as to each particular service and are limited by a specific dollar amount for each type of service.

The Audit Committee meets the definitions of an "audit committee" under applicable Nasdaq and SEC rules. Each member of the Audit Committee satisfies the applicable Nasdaq and SEC independence standards for such committee members. Messrs. Current (Chairman), Sloan, Kaczmarek, Dauch, Harbour, and Rooke are members of the Audit Committee. The Board of Directors has determined that Messrs. Current, Rooke, and Kaczmarek are audit committee "financial experts" as the term is defined in rules of the Securities and Exchange Commission and all six are Independent Directors as defined by Nasdaq. The Audit Committee held nine meetings during 2013.

Human Resources & Compensation Committee. The responsibilities of the Human Resources & Compensation Committee include exercising oversight over the development of competitive compensation plans that ensure the attraction, retention and motivation of key associates, as well as recommending the cash and other incentive compensation, if any, to be paid to Spartan Motors' executive officers. In addition, the Human Resources & Compensation Committee is responsible for reviewing and making recommendations to the Board of Directors regarding stock incentives awarded under Spartan Motors' stock incentive plans, reviewing all material proposed stock incentive plan changes and determining the employees to whom stock incentives will be granted, the number of shares covered by stock incentive, and the terms and other matters associated with equity-based compensation awards.

The Human Resources and Compensation Committee also determines the employees to whom stock incentives will be granted, the number of shares covered by stock incentive, and the terms and other matters associated with equity-based compensation awards.

The Human Resources and Compensation Committee operates pursuant to a written charter adopted by the Board of Directors. The Human Resources and Compensation Committee charter is available on our website, www.spartanmotors.com. The Human Resources and Compensation Committee does not delegate to other persons the duties with which it is charged under the charter. For specific information regarding the processes and procedures of the Human Resources and Compensation Committee, see the "Compensation Discussion and Analysis" section of this Proxy Statement.

Messrs. Kaczmarek (Chairman), Sloan, Harbour, Current, Dauch, and Rooke are members of the Human Resources and Compensation Committee. Each member of the Human Resources and Compensation Committee satisfies the applicable Nasdaq and SEC independence standards for such committee members. The Human Resources and Compensation Committee held five meetings during 2013.

The Human Resources and Compensation Committee has reviewed all components of the Chief Executive Officer's compensation and the compensation of the other executive officers who are named in the Summary Compensation Table set forth later in this Proxy Statement, including salary, bonuses, equity and other incentive compensation, accumulated realized and unrealized stock options, stock appreciation rights and restricted stock gains, the dollar value to the executive and the cost to Spartan Motors of all perquisites and other personal benefits.

Based on its review described above, the Human Resources and Compensation Committee found Mr. Sztykiel's and the named executive officers' total compensation in the aggregate to be appropriate and not excessive. All recommendations of the Human Resources and Compensation Committee with respect to 2013 compensation were unanimous and were approved and adopted by the Board of Directors without modification. For more information, see the "Compensation Discussion and Analysis" section of this Proxy Statement.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee develops and recommends to Spartan Motors' Board of Directors criteria for the selection of candidates for director, seeks out and receives suggestions concerning possible candidates, reviews and evaluates the qualifications of possible candidates, and recommends to the Board of Directors candidates for vacancies occurring from time to time and for the slate of directors to be proposed on behalf of the Board of Directors at each annual meeting of shareholders. In addition to its responsibilities regarding director nominations, the Corporate Governance and Nominating Committee assists the Board of Directors in fulfilling its responsibility to the shareholders and in complying with applicable rules and regulations relating to corporate governance. Specifically, the Corporate Governance and Nominating Committee develops and recommends corporate governance principles that address Board independence and leadership, Board size and composition, meetings and committee structure, and other governance matters. In addition, the Committee reviews the Company's adherence to established corporate governance principles and provides reports and recommendations to the Board of Directors.

The Corporate Governance and Nominating Committee operates pursuant to a written charter that is available for viewing at the Company's website, www.spartanmotors.com.

The Corporate Governance and Nominating Committee will consider candidates who display high character and integrity; are free of any conflict of interest that would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director; possess substantial and significant experience that would be of particular importance to Spartan Motors in the performance of the duties of a director; have sufficient time available to devote to the affairs of Spartan Motors in order to carry out the responsibilities of a director; and have the capacity and desire to represent the balanced, best interests of the shareholders as a whole.

The Committee believes the foregoing qualities are the most important qualifications for any director or director nominee; however, in identifying candidates for directors, the Board considers other attributes that may make a person a strong director. One such attribute that is considered is the potential diversity of viewpoint that a potential candidate would likely bring to the Board of Directors, which could be the result of the person's background, current occupation, career history, and other factors.

As the need to make changes or additions to the Board arises, the Committee gives consideration to the Board size, experiences, and needs. The Committee may use outside resources, including consultants retained by the Committee, to assist in the process of establishing the criteria for director candidates, establish a process to identify potential candidates, and assist in the introduction of potential candidates to the Committee. Regardless of how they are identified, candidates must understand, accept, and value the culture and history of Spartan Motors, Inc.

Nominations of candidates for election to the Board of Directors of Spartan Motors at any annual meeting of shareholders or at any special meeting of shareholders called for election of directors may be made by the Board of Directors or, pursuant to the process described below, by a shareholder of record of shares of a class entitled to vote at such annual or special meeting of shareholders. The Corporate Governance and Nominating Committee applies the same standards and qualification requirements to all director nominees, regardless of the party making the director nomination.

Each member of the Corporate Governance and Nominating Committee satisfies the applicable Nasdaq and SEC independence standards for such committee members. Messrs. Sloan (Chairman), Kaczmarek, and Current are the members of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee held four meetings during 2013.

Shareholder Nominations of Directors. The Corporate Governance and Nominating Committee will consider nominees for election to the Board of Directors submitted by shareholders. Spartan Motors' bylaws provide that any shareholder entitled to vote generally in the election of directors may nominate one or more persons for election as directors at a meeting only if written notice of the shareholder's intent to make a nomination or nominations has been given to Spartan Motors' Secretary at least 120 days before the one-year anniversary date of the notice of the previous year's annual meeting if the meeting is an annual meeting, and not more than seven days following the date of notice of the meeting is a special meeting at which directors will be elected. Each such notice to the Secretary must include:

- the name, age, business address and residence of each nominee proposed in the notice;
- the principal occupation or employment of each nominee;
- the number of shares of capital stock of Spartan Motors that each nominee beneficially owns;
- a statement that each nominee is willing to be nominated; and
- such other information concerning each nominee as would be required under the rules of the Securities and Exchange Commission in a proxy statement soliciting proxies for the election of such nominees.

Board Leadership Structure; Role in Risk Oversight

The Company believes the leadership structure of its Board of Directors is appropriate in light of the size of the Company, its organizational structure, its strategies, and similar factors. Although Mr. Sztykiel, our President and CEO, serves as a director, the Board of Directors is chaired by Mr. Hugh Sloan, a non-employee director who meets Nasdaq standards for being an independent director. The Company believes this separation of responsibility is appropriate in order to provide independent Board oversight of and direction for the Company's executive management team, led by Mr. Sztykiel. The Company has maintained this leadership structure (i.e., with separate individuals serving as the President/CEO and Chairman of the Board) since 2002.

The Company believes the Board plays an appropriate role in the risk oversight of the Company and its business. The Board's risk oversight function is largely carried out through the Board's independent oversight of the executive management team and, in particular, its oversight of the various operational, industries, economic, and other risk factors faced by the Company. The Board is an active Board that meets regularly with consistent input from all directors. All directors but Mr. Sztykiel have been determined to meet the independence standards of applicable Nasdaq rules. In addition, the Company believes that the strength and experience of its directors is important to their independent oversight of the executive management team. Those members of the executive management team who have particular risk management responsibilities, including the CEO, the CFO, General Counsel, and the Manager of Business Risk report directly to the Board of Directors on a regular basis. In addition, the Board regularly hold sessions of the independent directors only, without the presence of any employee directors or other executives of the Company.

In addition to the foregoing, the Board of Directors of the Company conducts certain risk oversight activities through its committees with direct oversight over specific functional areas. These functional areas are described in more detail on the preceding pages for each Committee's responsibilities.

Finally, the Board works to ensure that management is properly focused on the appropriate strategic risks and initiatives to grow the business through acquisitions, organic growth and alliances by, among other things, reviewing and discussing the performance of executive management and conducting succession planning for key leadership positions.

Communicating with the Board

Shareholders and interested parties may communicate with members of Spartan Motors' Board of Directors by sending correspondence addressed to the Board as a whole, a specific committee, or a specific Board member c/o Thomas T. Kivell, Secretary, Spartan Motors, Inc., 1541 Reynolds Road, Charlotte, Michigan 48813. All such communications are forwarded to the appropriate recipient(s).

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

The Company's executive compensation philosophy is to provide competitive levels of compensation and incentives to achieve strong financial performance. The Company's executive compensation policies are designed to achieve the following five primary objectives:

- Attract and retain qualified management;
- Align the interests of management with those of shareholders to encourage achievement of continuing increases in shareholder value;
- Align management's compensation with the achievement of Spartan Motors' annual and long-term performance goals;
- Reward excellent corporate performance; and
- Recognize individual and team initiatives and achievements.

The Human Resources and Compensation Committee sets management compensation at levels that the Compensation Committee believes are competitive with other companies in Spartan Motors' industry.

The advisory vote on executive compensation was conducted at our annual meeting of shareholders in 2013, based on the disclosure of our executive compensation in the proxy statement for that meeting. Of the shares of common stock represented at that meeting in person or by proxy, approximately 95% of the shares voted to approve the resolution, 3% voted against the resolution, and 2% abstained. Our Board considered the results of this vote to be generally supportive of the Company's compensation policies and programs and did not make any changes to such policies and programs as a result of such vote.

Elements of Compensation

Executive compensation consists of both cash and equity and is comprised of the following elements, each of which is described below:

- Base salary;
- Cash bonuses pursuant to the Spartan Motors, Inc. Executive Leadership Team Incentive Compensation Framework (the "ELT Plan"); and
- Ownership/Equity compensation such as stock grants, restricted stock, stock options, and stock appreciation rights.

Each component of executive compensation is designed to accomplish one or more of the five compensation objectives described above. The total compensation for executives is structured so that a majority of the total earnings potential is derived from performance-based incentives to encourage management to adopt an ownership mentality and take appropriate risks. The elements of the executive compensation program are described in detail below.

The Human Resources and Compensation Committee believes that the percentage of an executive's total compensation that is "at risk" should increase as the executive's responsibilities and ability to influence profits increase. For this reason, the percentage of executive officers' potential compensation that is based upon bonuses and stock plan awards is larger relative to other employees.

Base Salary

Base salary is a fundamental component of the Company's compensation system, and overall competitive salary levels are necessary to attract and retain well-qualified executives. The Company generally sets base salary levels of its executive officers slightly lower than prevailing market rates, with the expectation that cash bonuses and equity based compensation will allow the executive to receive overall compensation that is at or above market rates, providing that certain performance objectives are met. The Human Resources and Compensation Committee determines recommended base salaries for executive officers by evaluating the responsibilities of the position, the experience of the individual, the performance of Spartan Motors, the performance of the individual, the competitive marketplace for similar management talent, and other relevant factors. The Committee does not give specific weight to any particular factor. Using these same factors, the Committee may recommend base salary adjustments on a periodic basis to maintain the desired levels of base salaries for Spartan Motors' executives. As stated above, total compensation for executives is structured so that a majority of the total earnings potential is derived from performance-based incentives to encourage management to adopt an ownership mentality.

Aon Hewitt was engaged in 2010 to benchmark the salaries of the executive officers of Spartan Motors. Details regarding the benchmarking process appear below under the heading "Human Resources and Compensation Committee Processes and Procedures; Participation of Management; Benchmarking Process." This benchmarking process was completed in 2011. In February of 2012, the Board of Directors approved certain adjustments in base salaries for the executive officers based on the performance of the individual executives and the benchmarking completed in 2011.

The base salary for Ms. Wade was increased in connection with her appointment to Interim CFO in March 2013, as disclosed in the table below. In 2014 her base salary was increased to \$220,000 in connection with her appointment to CFO in February 2014. The base salary for Mr. Schneider was increased to \$250,000 in connection with his appointment as President of the Emergency Response Vehicles segment in April 2012 and to \$255,000 in 2013. Except for these increases, there have been no changes to the base salaries for any of our named executive officers since 2012.

Cash Incentive Bonuses

In 2011, the Board of Directors adopted the Spartan Motors, Inc. Executive Leadership Team Incentive Compensation Framework (the "ELT Plan") for the Company's executive management team, including each of the named executive officers shown in the tables below. The ELT Plan is based on an economic value-added ("EVA") model, along with other pre-determined management objectives and business goals. The ELT Plan is intended to provide management with incentives to choose strategies and investments that maximize shareholder value, utilize a financial measurement consistent with the market's evaluation of Spartan Motors' performance, and communicate Spartan Motors' financial objectives in a clear and quantifiable manner. The Human Resources and Compensation Committee is responsible for annually reviewing the provisions of the ELT Plan, setting the management objectives and business goals, and approving all payouts under the plan. The Committee has the authority and discretion to modify the ELT Plan, to modify the vesting or terms of any outstanding award, and to set the goals for the ELT Plan each year.

Each participant's annual bonus is determined by multiplying (1) his or her target bonus percentage (which is determined separately for different categories of employees) by (2) the Bonus Multiplier (described below) by (3) the participant's annual salary.

The target bonus percentage is a percentage of the participant's salary, and is expected to be between 40% and 55% for each of the named executive officers. For 2014, the Human Resources and Compensation Committee has set the target bonus percentage at 55% for Mr. Sztykiel and Ms. Wade and 40% for Mr. Forbes and all other executive officers.

For 2013, the Bonus Multiplier was determined based on three bonus multiplier metrics: an EVA goal, operational objectives (MBOs), and a targeted sales goal.

EVA Metric: The Human Resources and Compensation Committee set a target EVA for the Company for 2013, based on expected improvements in EVA from the prior year. The Company defines EVA as net operating profit after tax, less a capital charge based on the assets employed in the business. The EVA multiple used for the ELT Plan is a fraction or multiple of the target EVA, based on the actual EVA results for the particular year. For example, if the net operating profit after tax for a given year, less the capital charge, was exactly 150 percent of the target EVA, then the EVA multiple would be 1.5 for that year, and this multiple would be expressed as "1.5X". The floor for the EVA multiple (0X) will be set at the prior year's actual EVA, with expected improvement targets built from that starting point. The EVA multiple will have a ceiling of 2X (200 percent of the target EVA). For the year ended December 31, 2013, the EVA floor (0X) was -\$13,850,000 and the goal (1X) was -\$6,844,000. The actual EVA multiple based on 2013 results was 0X.

<u>MBO Metric</u>: The Human Resources and Compensation Committee established the MBOs the officers were expected to accomplish for 2013. The MBO multiple had a floor of 0X (0 percent achievement of the objectives) and a ceiling of 1X (100 percent achievement of all of the objectives). For the year ended December 31, 2013, the achieved MBO multiplier was 0.418X for all executive officers.

Sales Metric: For 2013, the Human Resources and Compensation Committee also established an annual sales target. The floor for the sales multiple (0X) was set at the prior year's actual sales, with expected growth built from that starting point. The sales multiple had a ceiling of 2X (200 percent of the target sales level). For the year ended December 31, 2013, the achieved sales multiplier for the named executive officers was 0X.

For 2013, the final Bonus Multiplier was calculated by taking a weighted average of the three metrics described above, with the EVA metric, MBO metric and sales metric receiving a weighting of 45%, 35% and 20%, respectively. (The Human Resources and Compensation Committee retains the right to change the weighting of the three metrics for any plan year.)

When the ELT Plan parameters described above were applied to the awards made for 2013 performance, it resulted in a final Bonus Multiplier of 0.084. However, in light of the Company's net loss for 2013, the Human Resources and Compensation Committee determined there would be no bonus paid under the ELT Plan to any named executive officer for 2013.

Although this is typically how the ELT Plan bonus is calculated, the Human Resources and Compensation Committee retains the discretion under the ELT Plan to modify the terms of any award and to set the goals for each plan year. For 2014, the current expectation is that the goals will vary from the EVA, MBO and sales metrics utilized for 2013.

The ELT Plan generally requires that a portion of the amount that would otherwise be payable to a participant for a given year be deferred or "banked." The amounts that are banked accrue interest and may be paid in future years, but they are subject to forfeiture in accordance with the terms of the ELT Plan. At the discretion of the Human Resources and Compensation Committee, any ELT bonus may be paid in the form of the Company's common stock. For more details regarding these deferral features of the ELT Plan, see the "Non-Qualified Deferred Compensation" table on page 21 and accompanying narrative. Since no ELT Plan bonuses were paid for 2013, no amounts were banked pursuant to these deferral features.

Long Term Incentives

Spartan Motors' equity compensation plans are designed to encourage long-term investment in Spartan Motors by participating executives and employees, more closely align executive and shareholder interests, and reward executive officers and other employees for building shareholder value. The Human Resources and Compensation Committee believes stock ownership by management and other employees is beneficial to all Spartan Motors, Inc. stakeholders.

Spartan Motors currently has the ability to grant equity-based compensation to its named executive officers under the Stock Incentive Plan of 2005, the Stock Incentive Plan of 2012. The Human Resources and Compensation Committee administers all aspects of the plans and reviews, modifies (to the extent appropriate), and approves management's recommendations for awards.

Until 2005, absent unusual circumstances, the Human Resources and Compensation Committee had historically granted stock options on an annual basis to officers, employees, and directors who were employees of Spartan Motors and on a biannual basis to non-employee directors of Spartan Motors. In 2005, Spartan Motors began the practice of granting shares of restricted stock and stock appreciation rights to officers, key employees and non-employee directors, instead of stock options.

In 2008, the Company discontinued the granting of stock appreciation rights in lieu of restricted stock that vests over time. This was considered a better method to retain key personnel while rewarding them with equity awards that are aligned with longer term shareholder returns. In addition, restricted stock awards can be more effective at retaining key personnel in a volatile or depressed stock market. The Company believes that restricted stock helps the executives focus on creating shareholder value, while the time-based vesting feature provides a strong incentive for the executives to commit themselves to the Company for the long-term. Restricted stock awards also encourage executive officers to manage the Company from the perspective of an owner.

In 2013, the Company granted shares of restricted stock to each of the named executive officers, as shown in the compensation tables below. In general, the restricted stock awards granted during 2013 vest at a rate of 25% per year for a period of four years (as long as the executive remains employed with the Company) for Messrs. Sztykiel and Gorman and at a rate of 33% per year for a period of three years for each of the other named executive officers (other than Mr. Nowicki, who left the Company in March 2013 and therefore was not granted any stock awards in 2013). However, for all named executives, unvested restricted stock awards become immediately and fully vested on the date the executive becomes eligible for retirement if he or she is still employed with the Company at that time. Under terms of the Company's equity compensation plans, Mr. Gorman became retirement-eligible on February 18, 2014. As a result, all of his restricted stock awards became fully vested on such date.

Quantity and Mix of Awards

Stock-based compensation for the Company's named executive officers is currently determined considering long term incentive compensation ("LTIC") targets and multiples. The amount of long term incentive compensation to be awarded to an executive each year (the "Annual LTIC Amount") is to be determined considering (1) his or her target long term compensation rate ("LTIC Rate") (which is determined separately for different categories of executives and detailed below for the named executive officers), multiplied by (2) the long term compensation multiple ("LTIC Multiple") (described below) and by (3) the executive's annual salary.

The LTIC Rate is determined by the Human Resources and Compensation Committee and is expected to be 60 to 65 percent of base pay for the Company's CEO, CFO and COO, and 30 percent of base pay for the Company's other named executive officers.

The LTIC Multiple is determined considering the performance of two metrics: a shareholder return metric and a strategic objective metric.

Shareholder Return Metric: A portion of the Annual LTIC Amount will be based on performance relative to a shareholder return metric to be established annually by the Human Resources and Compensation Committee. The shareholder return metric may consist of a return on invested capital (ROIC) target, a comparison of Spartan Motors' total shareholder return to a peer group of companies in similar industries, or other shareholder return metrics as the Human Resources and Compensation Committee deems appropriate.

Strategic Objective Metric: On an annual basis, the Human Resources and Compensation Committee establishes the strategic objectives the officers are expected to accomplish for the year.

The final LTIC Multiplier will generally be determined considering an average of the two metrics described above, with each metric receiving an equal weighting; however, the Human Resources and Compensation Committee retains the right to change the weightings of the above metrics for any plan year.

Equity-based compensation payable to executive officers may be made in a combination of restricted stock grants and options at the discretion of the Human Resources and Compensation Committee. The number of shares to be granted for restricted share grants will be determined by dividing the Annual LTIC Amount for the proportion of the award that is to be in the form of restricted stock by the average stock price over the preceding three years. The number of stock options granted will be determined by dividing the Annual LTIC Amount for the proportion of the award that is to be in the form of stock options by the calculated Black-Scholes valuation of the options at the grant date. For example, if one half of the grant is to be in the form of restricted shares and one half is to be in the form of stock options, the number of restricted shares to be granted will be determined by dividing half of the Annual LTIC amount by the average stock price over the preceding three years, and the number of stock options to be issued will be determined by dividing half of the Annual LTIC amount by the calculated Black-Scholes valuation of the options at the grant date. In 2013, all long term incentive compensation grants were made in the form of restricted stock. This is expected to be the case for 2014 as well.

Chief Executive Officer

The Chief Executive Officer's compensation is based on the policies and objectives outlined above for all executive officers. The Human Resources and Compensation Committee believes that incentive compensation, designed to reward performance, should represent a significant percentage of Mr. Sztykiel's potential compensation.

Human Resources and Compensation Committee Processes and Procedures; Participation of Management; Benchmarking Process

The Human Resources and Compensation Committee of the Board of Directors develops and recommends to the Board of Directors Spartan Motors' executive compensation policies. The Human Resources and Compensation Committee also administers Spartan Motors' executive compensation program and recommends for approval to the Board of Directors the compensation to be paid to the Chief Executive Officer and other executive officers. The Human Resources and Compensation Committee consists of six directors, none of whom is a current or former employee of Spartan Motors.

Other than Mr. Sztykiel and Ms. Wade, none of the Company's named executive officers participate in the discussions with the Human Resources and Compensation Committee. Mr. Sztykiel and Ms. Wade participate only to assist in the process of determining the compensation for executives other than themselves, and to provide information to the Human Resources and Compensation Committee regarding Company performance, operations, strategies, and other information requested by the Human Resources and Compensation Committee.

The Human Resources and Compensation Committee's written charter provides that the Committee will review and make recommendations regarding the compensation of executive officers. Executive compensation decisions must be approved by a majority of the independent members of the Board of Directors.

The Human Resources and Compensation Committee periodically engages independent third party consultants to provide data and analysis regarding the compensation of executives at our peer group companies and at companies against whom we must compete for talent. The Human Resources and Compensation Committee uses this data to design and implement competitive compensation programs. Independent consultants engaged by the Human Resources and Compensation Committee do not answer to management. In 2010, the Committee engaged Aon Hewitt to benchmark officer salaries and other compensation incentives. This engagement was completed in 2011 and was a factor utilized in determining the base salary adjustments for 2012 described above. No third party compensation consultants have been engaged since this benchmarking was completed.

In performing the compensation benchmarking that was completed in 2011, Aon Hewitt conducted a Total Compensation Measurement study against a custom group of companies. In determining appropriate peer companies to use as a basis for comparison, Aon Hewitt worked with management under the direction of the Human Resources and Compensation Committee and selected 22 specialty manufacturing and automotive organizations. All market data comparisons were size adjusted using revenue-based regression analysis to represent 50 th percentile pay levels. Additional raw statistics were also included in the analysis. The list of identified peer companies in this survey include: Alamo Group, Inc.; American Superconductor Corporation; Ameron International Corporation; Brady Corporation; Dorman Products, Inc.; Drew Industries Incorporated; ESCO Technologies, Inc.; Federal Signal Corporation; GenCorp, Inc.; Graco, Inc.; Herman Miller, Inc.; JB Poindexter & Co., Inc.; Kaydon Corporation; Methode Electronics, Inc.; Sauer-Danfoss, Inc.; Standard Motor Products; Stoneridge, Inc.; Supreme Industries, Inc.; Thor Industries, Inc.; TriMas Corporation; United Components, Inc.; and Woodward Governor Company. The Human Resources and Compensation Committee used this information in making its decision for the officers' compensation in early 2012.

Pricing Equity Awards; Disclosure of Information

Spartan Motors has long observed a policy of setting the exercise price for stock options, stock appreciation rights, and other share-based awards equal to the closing market price on the date of the grant (or most recent closing price if the date of the grant is not a trading day). Stock options and stock appreciation rights are not repriced. We do not "backdate" stock options or any other share based payments. As described above, the price used to determine the number of restricted shares granted, and disclosed in the tables below, was the average stock price over the preceding three years.

The Board of Directors is committed to maintaining the integrity of the compensation philosophy and programs. As part of this commitment, Spartan Motors believes that the disclosure of material nonpublic information should never be manipulated for the purpose of enriching compensation awards. We do not time the release of public information to affect the value of share based awards, and we do not time the grant of share based awards to take advantage of the disclosure of information.

Personal Benefits; Perquisites

We believe that compensation in the form of perquisites and personal benefits do not provide transparency for shareholders or serve our compensation philosophy. Consequently, such benefits play a very minor role in the compensation program.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code provides that publicly held corporations may not deduct compensation paid to the named executive officers in excess of \$1 million annually, with some exceptions. We have examined the executive compensation policies in light of Section 162(m) and the regulations under that section. We do not expect that any portion of Spartan Motors' deduction for employee remuneration will be disallowed in 2014 or in future years by reasons of awards granted in 2013.

Other Information

We do not provide a defined benefit pension to our named executive officers. Although in the past we have adopted employment agreements that cover three of our current executive officers, we generally do not enter into any formal employment agreements with our executive officers; however, in some cases, we have committed to provide certain benefits to these executives. Those commitments are described in this Proxy Statement.

Compensation Summary

The following table shows certain information concerning the compensation earned by our CEO, our former CFO (who resigned in March 2013), our Interim CFO (who was appointed CFO in February 2014), our COO (who left the Company in March 2014), the President of Utilimaster Corp., and the former President of ER Vehicles (who left the Company in February 2014). The individuals identified in the table may be referred to as the "named executive officers" in this Proxy Statement.

- (1) Amounts in this column reflect one-time cash bonuses earned and expensed by the Company in the respective year.
- (2) Amounts shown in this column represent the aggregate grant date fair value of stock awards. The fair values were determined in accordance with the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 718, "Stock Compensation." For information regarding valuation assumptions, see *Note 11 Stock Based Compensation* to the Consolidated Financial Statements for the year ended December 31, 2013.
- (3) Consists of performance-based non-equity (cash) compensation earned under the ELT Plan (or its predecessor) for the respective year and earnings on awards deferred from prior years. Please see the "Compensation Discussion and Analysis" section above and the narrative discussion following this table for details. Since no bonuses were paid under the ELT Plan for 2013 performance, the amounts shown in the column for 2013 represent amounts earned in 2013 on ELT Plan awards made in prior years. These amounts are detailed in the Non-Qualified Deferred Compensation table on page 21.
- (4) The 2013 amounts reported in this column consist of (i) the Company's matching contributions to the named executive officer's qualified 401(k) retirement plan as follows: \$4,530 for Mr. Sztykiel, \$865 for Mr. Nowicki, \$3,680 for Mr. Gorman, \$2,812 for Mr. Schneider, \$2,525 for Mr. Forbes, and \$2,221 for Ms. Wade; (ii) dividends paid on restricted stock as follows: \$10,858 for Mr. Sztykiel, \$7,576 for Mr. Gorman, \$700 for Mr. Schneider, \$2,783 for Mr. Forbes, and \$1,630 for Ms. Wade; (iii) Supplemental Executive Retirement Plan contributions for Mr. Sztykiel of \$2,081 and Mr. Gorman of \$2,589 and (iv) amounts paid for country club dues of \$6,600 for Mr. Sztykiel.
- (5) Mr. Nowicki resigned from the Company on March 22, 2013 in order to accept a position as CFO with another company.
- (6) As of February 20, 2014, Mr. Gorman is no longer an executive officer of the Company. Mr. Gorman left the Company effective March 28, 2014.
- (7) Mr. Schneider joined the Company in January 2012 and left the Company effective February 10, 2014.
- (8) Ms. Wade was appointed Interim CFO on March 22, 2013 and was appointed CFO on February 24, 2014.

- (1) The amounts reported in these columns are not actual awards. They represent the possible threshold, target, and maximum awards that could have been earned by each named executive officer for fiscal year 2013 under the ELT Plan described under "Compensation Discussion and Analysis" above. The threshold amounts represent the minimum bonus payable to the named executive officer under the ELT Plan. Generally, there is no guarantee of any minimum bonus under the ELT Plan. The target amounts represent the target cash award for each named executive officer for 2013 performance. Each target amount assumes a Bonus Multiple of 1.0X. Each maximum amount represents the maximum annual bonus payable to the named executive officer under the ELT Plan and is calculated based on a Bonus Multiple of 1.7X. For details regarding how awards under the ELT Plan are determined, see the "Compensation Discussion and Analysis" section above. As a result of 2013 performance, no bonuses were paid under the ELT Plan for 2013.
- (2) These columns typically represent possible awards of common stock under the Company's ELT Plan. Under the terms of the ELT Plan, the Human Resources and Compensation Committee, in its sole discretion, may pay all or any portion of an annual cash bonus under the ELT Plan in the form of Spartan Motors common stock. For 2013, it was expected that the Human Resources and Compensation Committee would elect to pay all awards earned under the ELT Plan in cash (although, as disclosed above, no awards of any kind were payable under the ELT Plan for 2013 performance); therefore, no target amounts are reported in these columns.

- (3) The amount reported in this column reflects the number of shares of common stock issued to the named executive during 2013. Shares granted on April 8, 2013 are subject to 4-year vesting schedules (25% per year beginning on the first anniversary of the grant date) for Messrs. Sztykiel and Gorman and are subject to 3-year vesting schedules (33% per year) for Ms. Wade and Messrs. Schneider and Forbes. As a result of Mr. Gorman becoming retirement-eligible in February 2014, all of his outstanding restricted stock awards have fully vested. In addition, as a result of Mr. Schneider's departure from the Company in February 2014, he forfeited all unvested stock awards, including all of the shares disclosed for Mr. Schneider in this column. Dividends are paid on shares of restricted stock at the rate dividends are paid on common stock. All restricted stock have voting rights and are subject to cancellation in the event of termination from employment for reasons other than death, disability, or retirement.
- (4) Amounts reported equal the aggregate grant date fair value determined in accordance with FASB ASC Topic 718, "Stock Compensation," and do not represent cash payments to or amounts realized by the named executive officers. For valuation assumptions, see *Note 11 Stock Based Compensation* to the Consolidated Financial Statements for the year ended December 31, 2013.

The Company paid the compensation set forth in the Summary Compensation Table and the Grants of Plan Based Awards table pursuant to the philosophy, procedures, and practices set forth in the "Compensation Discussion and Analysis" section above.

Option Exercises and Stock Vested in 2013

The following table provides information concerning the vesting of restricted stock during 2013 for each of the named executive officers on an aggregated basis and all stock option exercises by named executive officers during 2013.

Stock Vested

	Option A	Awards	Stock Awards				
Name	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (1) (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (2) (\$)			
John E. Sztykiel	45,000	\$ 96,687	37,211	\$ 216,368

John A. Forbes	-	-	10,500	58,920			
Lori L. Wade			5,201	29,326			

⁽¹⁾ The amounts in this column are determined by multiplying (a) the number of shares of stock acquired upon exercise of the options by (b) the difference between the market price of the underlying shares on the exercise date and the exercise price of the options.

⁽b) Notwithstanding these vesting dates as of December 31, 2013, all unvested equity awards granted to Mr. Schneider were forfeited in connection with his departure from the Company in February 2014.

⁽⁴⁾ The market value of the unvested restricted stock is determined by multiplying the closing market price of the Spartan Motors' common stock as of December 31, 2013 (\$6.70) by the number of shares of stock.

⁽²⁾ The amounts in this column are determined by multiplying the number of shares of stock vesting by the market value of the underlying shares on the vesting date (or, if the vesting date is not a trading day, the trading day immediately preceding the vesting date).

Non-Qualified Deferred Compensation

The following table provides information concerning non-qualified deferred compensation for 2013. This table should be read in conjunction with the narrative discussion that follows the table.

Lori L. Wade	ELT Plan SERP Total	11,058 11,058	<u>-</u>	604 604	4,423 	11,661 11,661

- (1) Messrs. Sztykiel, Nowicki, and Gorman were the only named executive officers who participated in the SERP in 2013. Please see the narrative discussion following this table for more information.
- (2) The amounts reported in this column consist of mandatory and voluntary deferrals of bonus amounts paid under the ELT Plan in 2013 for 2012 performance, and for Messrs. Sztykiel, Nowicki, and Gorman only, deferrals of compensation under the SERP.
- (3) Spartan Motors does not make matching contributions on behalf of participants in the ELT Plan. Participant contributions to the SERP are matched by the Company at the discretion of the Board of Directors and included in the "All Other Compensation" column in the Summary Compensation Table above. The amount shown for Mr. Nowicki in this column represents forfeitures of Company matching contributions from prior years that occurred when Mr. Nowicki left the Company in March 2013.
- (4) Participants in the ELT Plan earn interest on any deferred balances at an annual rate equal to the lower of: (a) the highest rate the Company pays at the time of the deferral on its debt capital, or (b) 10%. For 2013, the interest rate on deferred balances was 5.46%. Interest continues to be credited at this rate until the deferrals and the related accrued interest are paid or reset in the following year based on the parameters above. Earnings on the SERP are determined by investment choices made by the SERP participants from options determined by the Company. The investment choices consist of specified mutual funds (primarily those offered by Fidelity Investments). Only the amounts earned related to the ELT Plan are reported as non-equity incentive plan compensation in the Summary Compensation Table above.

Spartan Motors maintains two non-qualified deferred compensation plans: the Supplemental Executive Retirement Plan ("SERP") and the Spartan Motors, Inc. Executive Leadership Team Incentive Compensation Plan (the "ELT Plan").

The SERP

The SERP is a non-qualified defined contribution plan administered by the Human Resources and Compensation Committee that allows eligible participants to defer compensation and incentive amounts and provides for discretionary matching and profit-sharing type contributions by the Company. The SERP is operated much like the Company's 401(k) plan, but participation is limited to a select group of employees determined by the Board of Directors. The SERP is a funded plan, however, the participants are merely general creditors of the Company. The SERP's assets are subject to other creditors of the Company in some circumstances. In 2013, Messrs. Sztykiel, Nowicki and Gorman were the only named executive officers who participated in the SERP.

The SERP allows participants to defer up to 25% of their base salary and up to 50% of their cash bonuses each year. At the beginning of each plan year, the Human Resources and Compensation Committee may elect to match all or a specified portion of each participant's contribution for that year. The Human Resources and Compensation Committee will generally provide that each participant will receive a matching contribution equal to the matching contribution that the participant would have received under the Company's 401(k) plan but for limitations imposed by the Internal Revenue Code. In addition, the Human Resources and Compensation Committee may, in its discretion, make an additional matching contribution and/or a profit-sharing type contribution to the SERP each year.

Contributions to the SERP are transferred to an irrevocable rabbi trust where each participant has a bookkeeping account in his name. Earnings on each participant's SERP balance are determined by the investment election of the participants. The investment options available to participants consist primarily of mutual funds offered by Fidelity Investments.

All participants are always fully vested in their elective deferrals, and such deferrals will be distributed upon termination of employment, death, disability, or a change in control of the Company. Amounts are also distributable upon an unforeseeable emergency. Matching and profit-sharing contributions contributed by the Company will vest at a rate of 20% per year over a five-year period and may be distributed upon the later of attainment of age 60 and termination of employment, or upon earlier death, disability, or change in control of the Company. Any unvested matching or profit-sharing contributions will become fully vested if a participant retires upon reaching age 60, dies, or becomes disabled. Matching contributions and profit-sharing contributions may be forfeited if the participant enters into competition with the Company, divulges confidential information about the Company, or induces Company employees to leave their employment to compete with the Company.

Distributions from the SERP may be made in a lump sum or in an installment plan not to exceed 10 years (at the election of the participant).

The ELT Plan

Deferred compensation is only a secondary feature of the ELT Plan; the primary purpose of the plan is to provide an incentive for the executives and certain other key associates to earn a bonus based on specified measures of operating performance. The calculation of awards under the ELT Plan is described in the "Compensation Discussion and Analysis" section above. The deferral features of the plan are described here.

Mandatory Deferral. Each participant in the ELT Plan is required to defer a portion of the current year's annual incentive bonus earned, to be paid at the time the ELT Plan bonus in the next year (if any) is paid. As disclosed above, no bonus was paid under the ELT Plan for 2013.

Interest on Mandatory Deferrals. Interest is credited on any deferred balances at an annual rate equal to the lower of: (a) the highest rate the Company pays at the time of the deferral on its debt capital, or (b) 10%. Interest continues to be credited at this rate until the deferrals and the related accrued interest are paid or the rate is reset in the following year based on the parameters above.

Annual Incentive Bonus Cash Payout. Payments on annual incentive bonuses to all participants in the ELT Plan employed by the Company on the last day of the performance year are calculated and paid no later than March 15 of the year following the end of the performance year. The amount of the annual payout is equal to the sum of:

- 100% of any unpaid carryover balance (mandatory deferred balance) from prior years; plus
- the annual incentive bonus earned for the current performance year; less
- the deferred amount for the current performance year.

Termination of Employment; Change of Control; Death, Disability, and Retirement. Subject to certain exceptions, if a participant's employment voluntarily or involuntarily terminates for any reason other than death, disability, or retirement during any performance year, the participant will not earn an annual incentive bonus for that year. Unless otherwise determined by the Human Resources and Compensation Committee, the participant will receive 50% of his or her mandatory deferred balance. See footnote three to the Potential Payments Upon Termination or Change-in-Control table below for further details.

If a participant dies, becomes disabled, retires, is no longer eligible to participate in the plan, or if there is a change in control (all as defined in the ELT Plan), then the participant receives a prorated annual incentive bonus for the year in which the event occurs and all of the participant's mandatory deferred balances.

Potential Payments Upon Termination or Change-in-Control

The following table summarizes the potential payments and benefits payable to the Company's named executive officers upon termination of employment in connection with each of the triggering events set forth in the table below, assuming, in each situation, that the triggering event took place on December 31, 2013. The closing market price of Spartan Motors common stock was \$6.70 as of December 31, 2013.

- (1) Under all existing stock incentive plans, upon a change in control of the Company, all of the named executive officers' outstanding equity awards become immediately and fully vested and nonforfeitable upon a change in control of the Company. A participant's shares of restricted stock will become immediately vested upon death, disability, or the participant becoming retirement-eligible.
- (2) In the event a participant in the ELT Plan dies, becomes disabled, or retires or in the event of a change in control of the Company (defined as the acquisition by a purchaser of more than 50% of the Company's stock or substantially all the assets of the Company), 100% of the sum of the mandatory deferred balances is payable to the participant within 30 days after the triggering event. Unless otherwise determined by the Human Resources and Compensation Committee, for terminations other than death, disability, retirement, or change in control prior to the end of the performance year, 50% of the sum of mandatory deferred balances is payable to the participant within 30 days after separation from service, but not in a later taxable year.
- (3) Amount reflects accumulated balance, earnings to date on the balance, and registrant contributions for the SERP.
- (4) Amounts reported in this row reflect severance payments the Company would expect to make to the named executive officer upon any termination of employment without cause. Mr. Gorman was contractually entitled to one year's base salary upon termination of employment without cause, and Mr. Forbes is contractually entitled to six months base salary upon termination of employment without cause. The Company is not obligated to make severance payments to the other executive officers upon any termination of employment without cause, however, as a matter of practice, the Company generally does make severance payments equal to one year's base salary to executive officers upon termination of employment without cause.
- (5) Mr. Nowicki resigned from the Company on March 22, 2013 in order to accept a position as CFO with another company.
- (6) Mr. Gorman departed the Company in March 2014. In connection with his departure, he was paid severance equal to one year's base salary plus the continuation of his health insurance coverage for one year.
- (7) Mr. Schneider departed the Company in February 2014. In connection with his departure, he was paid severance equal to one year's base salary plus the continuation of his health insurance coverage for one year.

Compensation for the Board of Directors is established by the full Board based on input from external compensation experts. The following table provides information concerning the compensation of directors for Spartan's last completed fiscal year.

⁽⁴⁾ Amounts shown in this column represent the aggregate grant date fair value of the stock awards granted during 2013. The fair values were determined in accordance with the FASB ASC Topic 718, "Stock Compensation." For information regarding valuation assumptions, see *Note* 11 – Stock Based Compensation to the Consolidated Financial Statements for the year ended December 31, 2013.

Each non-employee director other than the Chairman of the Board receives an annual retainer of \$46,000. The Chairman of the Board receives an annual retainer of \$92,000. Each of the chairs of the Human Resources and Compensation Committee and the Audit Committee received an additional annual fee in 2013 of \$7,500.

In 2013, each non-employee director other than the Chairman of the Board received a grant of 8,000 shares of restricted stock on April 8, 2013. The Chairman of the Board received a grant of 16,000 shares of restricted stock on April 8, 2013. Such grants were made under the Stock Incentive Plan of 2012. The restricted stock has a vesting period of one year, except for Messrs. Sloan, Current and Kaczmarek, whose restricted stock grants on April 8, 2013 were immediately vested due to their eligibility for retirement on the grant date.

When a non-employee director retires, all restricted stock granted under the Plan will vest in accordance with the award terms and the director's ownership of the restricted stock will not be affected by the retirement. Retirement occurs when a director completes a term for which he or she was elected and either (i) the director is not re-elected by shareholders for a subsequent term, or (ii) the director declines to stand for re-election and such director is 62 years of age or 60 years of age with at least 10 years of service with the Company. The Human Resources and Compensation Committee has certain discretion in applying an appropriate retirement age or establishing other factors as may be set forth in the award agreement or other grant document with respect to a director, participant, or a particular incentive award.

Directors are also eligible to participate in the Spartan Motors, Inc. Directors' Stock Purchase Plan. This plan provides that non-employee directors of Spartan Motors may elect to receive at least 25% and up to 100% of their "director's fees" in the form of Spartan Motors common stock. The term "director's fees" means the amount of income payable to a non-employee director for his or her service as a director of Spartan Motors, including payments for attendance at meetings of Spartan Motors' Board of Directors or meetings of committees of the Board, and any retainer fee paid to such persons as members of the Board. A non-employee director who elects to receive Spartan Motors common stock in lieu of some or all of his or her director's fees will, on or shortly after each "applicable date," receive a number of shares of common stock (rounded down to the nearest whole share) determined by dividing (1) the dollar amount of the director's fees payable to him or her on the applicable date that he or she has elected to receive in common stock by (2) the market value of common stock on the applicable date. The term "applicable date" means any date on which a director's fee is payable to the participant. To date, no shares have been issued under this plan.

The Board of Directors believes it is important for each Director to acquire and maintain a meaningful ownership position in the Company's stock to directly align the Director's interest with those of the shareholders. Each member of the Company's Board of Directors is expected, over a five year period, to acquire and maintain ownership of the Company's common stock with an aggregate market value of at least five times his or her annual retainer.

Human Resources and Compensation Committee Report

The Human Resources and Compensation Committee has reviewed and discussed with management the information provided under the heading "Compensation Discussion and Analysis." Based on this review and discussion, the Human Resources and Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in Spartan's annual report on Form 10-K and in this Proxy Statement.

Respectfully submitted,

Kenneth Kaczmarek, Chairman Hugh W. Sloan, Jr. Ronald Harbour Richard R. Current Richard F. Dauch Andrew M. Rooke

Human Resources and Compensation Committee Interlocks and Insider Participation

Messrs. Kaczmarek (Chair), Sloan, Harbour, Current, and Dauch served as members of the Human Resources and Compensation Committee during 2013. None of these members of the Human Resources and Compensation Committee were, during 2013, an officer or employee of Spartan Motors or formerly an officer of Spartan Motors. None of Spartan's executive officers served as a member of a Compensation Committee (or Board committee performing a similar function) for another entity.

Transactions with Related Persons

The Code of Ethics and Compliance, available for viewing at the Company's website at www.spartanmotors.com, requires all officers and employees who may have a potential or apparent conflict of interest to immediately notify the Compliance Officer and requires all directors who may have a potential or apparent conflict of interest to immediately notify the remaining members of the Board of Directors. The Company expects its directors, officers and employees to act and make decisions that are in the Company's best interests and encourage them to avoid situations which present a conflict between the Company's interests and their own personal interests. The directors, officers and employees are prohibited from taking any action that makes it difficult to perform his or her Company work objectively and effectively, or that cloud or interfere with that person's judgment in the course of his or her job for the Company.

Additionally, it is the Company's policy that the Audit Committee of the Board of Directors reviews all material transactions with any related person as identified by management. Generally speaking, a "related" person is a director, executive officer, or affiliate of the Company, or a family member of a director, executive officer, or affiliate of the Company. To identify related person transactions, each year the Company requires its directors and executive officers to complete questionnaires identifying any transactions with the Company in which the officer or director or their family members have an interest. Additionally, material undertakings by the Company are reviewed by management, with a view, in part, to identify if a related person is involved. A "related person transaction" is any transaction involving more than \$120,000 in which the Company participates and a "related" person has a direct or indirect material interest. The Audit Committee intends to approve only those related person transactions that are in the best interests of the Company and its shareholders (or not inconsistent with the best interests of the Company or its shareholders).

Since January 1, 2013, the Company did not engage in any transactions, nor are any such transactions currently proposed, in which a related person had or will have a direct or indirect material interest and which involves an amount exceeding \$120,000.

Proposal: Advisory Vote on Executive Compensation

Our "Compensation Discussion and Analysis" above describes, among other things, our executive compensation policies and practices. Federal requires that our shareholders be given the opportunity to express their approval of the compensation of our executives, as disclosed in this Proxy Statement. Under the federal law that requires this vote, the shareholder vote is not binding on our Board of Directors or the Company and may not be construed as overruling any decision made by our Board or the Company or as creating or implying any change in the fiduciary duties owed by our Board. However, our Board of Directors values the views of shareholders and intends to take the outcome of this shareholder advisory vote into consideration when making future executive compensation decisions.

Therefore, at the annual meeting of shareholders, our shareholders will be given the opportunity to vote, on an advisory (non-binding) basis, to approve the compensation of our named executive officers as disclosed in this Proxy Statement under "Executive Compensation – Compensation Discussion and Analysis," the compensation tables, and the narrative discussion following the compensation tables. This vote proposal is commonly known as a "say-on-pay" proposal and gives our shareholders the opportunity to endorse or not endorse our executive pay program. This vote is not intended to address any specific item of our executive compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this Proxy Statement. You are encouraged to read the full details of our executive compensation program, including our primary objectives in setting executive pay, under "Executive Compensation" above.

The Company evaluates the compensation of its executives at least once each year to assess whether our compensation policies and programs are achieving their primary objectives and are competitive with other companies in our industry. Based on its most recent evaluation, our Board of Directors believes our executive compensation programs achieve these objectives, including aligning the interests of our management with those of our shareholders, and are therefore worthy of shareholder support. In determining how to vote on this proposal, we believe shareholders should consider the following:

- Independent Compensation Committee. Six of our seven directors are deemed independent pursuant to applicable Nasdaq standards. All six of these independent directors serve on our Human Resources and Compensation Committee. Meetings of this Committee include executive sessions in which management is not present.
- Base Salaries Below Median Levels. Our Human Resources and Compensation Committee believes that our executive officers' base salaries
 are currently below the median salary levels for comparable companies. Total compensation for executives is structured so that a majority of the
 total earnings potential is derived from performance-based incentives.
- Restricted Stock Grants. A significant percentage of our executives' compensation is paid in the form of restricted stock that vests over a three
 to five-year period. We believe these stock awards help align the executives' interests with longer term shareholder returns and also serve to help
 retain the services of executives.

For these reasons, our Board of Directors recommends that you vote FOR the adoption of the following resolution:

"RESOLVED, that the shareholders of Spartan Motors, Inc. approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, and the related narrative discussion set forth in the Company's Proxy Statement for its 2014 Annual Meeting of Shareholders."

Audit Committee Report

The Audit Committee reviews and supervises on behalf of the Board of Directors Spartan Motors' procedures for recording and reporting the financial results of its operations. Spartan Motors' management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. As part of its supervisory duties, the Audit Committee has reviewed Spartan Motors' audited financial statements for the year ended December 31, 2013, and has discussed those financial statements with Spartan Motors' management.

The Audit Committee has also discussed with Spartan Motors' independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles, the judgments of the independent registered public accounting firm concerning the quality, not just the acceptability, of Spartan Motors' accounting principles and such other matters that are required under applicable rules, regulations, U.S. generally accepted accounting principles and the standards of the Public Company Accounting Standards Oversight Board (United States) (PCAOB).

In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures required by the PCAOB and has discussed their independence from Spartan Motors and Spartan Motors' management with them, including a consideration of the compatibility of non-audit services with their independence.

After and in reliance upon the reviews and discussions described above, the Audit Committee recommended to Spartan Motors' Board of Directors that the audited financial statements for the year ended December 31, 2013 be included in Spartan Motors' annual report on Form 10-K for the year ended December 31, 2013.

Respectfully submitted,

Richard R. Current, Chairman Kenneth Kaczmarek Hugh W. Sloan, Jr. Richard F. Dauch Ronald Harbour Andrew M. Rooke

Based solely on the Company's review of such reports filed with the Securities and Exchange Commission and written representations from certain reporting persons that no reports on Form 5 were required for those persons for the 2013 fiscal year, the Company believes that its directors and executive officers complied with all applicable Section 16(a) filing requirements during 2013.
