NOVI, MI, January 13, 2025 /PRNewswire/ -- The Shyft Group (NASDAQ: SHYF) ("Shyft") today provided supplemental information in a presentation to shareholders regarding its proposed merger with Aebi Schmidt Group ("Aebi Schmidt"), previously announced on December 16, 2024. The presentation focuses on three core areas including:

This includes revenue and adjusted EBITDA projections through 2028 that show the combined company is projected to deliver 2028 pro forma revenue¹ of \$2.7 billion, adjusted EBITDA² of \$315 million, and adjusted EBITDA margin of 12%. The combined company has a strategic vision to generate longer-term pro forma combined revenue of \$3+ billion with an adjusted EBITDA margin in the mid-teens. Additionally, the presentation includes information on the implied premium of the transaction, which represents a premium to Shyft's share price as of December 13, 2024 of approximately 30% excluding synergies, and a premium of approximately 58% including synergies, demonstrating immediate value creation for shareholders.
- **The Board's Thorough Process to Maximize Value for Shyft Shareholders:** Including how the Board negotiated to secure Shyft's final proposed pro forma ownership of 48%. The company also disclosed the process it undertook to assess other options to maximize value, including reaching out to six other potential strategic partners.
