## SPARTAN MOTORS, INC. ANNUAL MEETING OF SHAREHOLDERS

JUNE 12, 2001

### PROXY STATEMENT

#### Introduction

#### Time and Place

You are cordially invited to attend the 2001 annual meeting of shareholders of Spartan Motors, Inc. The annual meeting will be held on Tuesday, June 12, 2001 at Plant 1, Spartan Motors Corporate Headquarters, located at 1000 Reynolds Road, Charlotte, Michigan, at 5:30 p.m., local time.

#### Solicitation of Proxies

This proxy statement and the enclosed proxy card are being furnished to you in connection with the solicitation of proxies by Spartan Motors' board of directors for use at the annual meeting, and any adjournment of the meeting.

#### **Mailing Date**

This proxy statement is being mailed to Spartan Motors' shareholders on and after May 6, 2001.

#### **Purposes of the Meeting**

The purposes of the annual meeting are to consider and vote on:

- the election of three directors for three-year terms expiring in 2004;
- the ratification of Spartan Motors' board of directors' appointment of Ernst & Young LLP as Spartan Motors' independent auditors for the current fiscal year; and
- such other business as may properly come before the meeting.

We do not know of any other matters to be presented for consideration at the annual meeting. If any other matters are presented, the persons named as proxies on the enclosed proxy card will have discretionary authority to vote on those matters in accordance with their judgment.

#### **How to Vote Your Shares**

You may vote at the meeting if you were a shareholder of record of Spartan Motors common stock on April 16, 2001. Each such shareholder is entitled to one vote per share on each matter presented for a shareholder vote at the meeting.

As of April 16, 2001, there were 10,518,077 shares of Spartan Motors common stock outstanding.

If you are a shareholder of record, that is, you hold your Spartan Motors stock in certificate form, you may vote by returning the enclosed proxy card. If you properly complete and sign the enclosed proxy card and return it so that we receive it before the meeting, the shares of Spartan Motors common stock represented by your proxy will be voted at the annual meeting and any adjournment of the annual meeting, as long as you do not revoke the proxy before or at the meeting.

If you hold your stock in "street name," that is, your shares are registered in the name of a bank, broker or other nominee, which we will collectively refer to as your "broker," your

---

broker must vote your shares if you provide it with proper and timely voting instructions. Please check the voting forms and instructions provided by your broker or its agent.

Regardless of how you vote, if you specify a choice, your shares will be voted as specified. If you do not specify a choice, your shares will be voted for (1) the election of all nominees for director named in this proxy statement, (2) the ratification of the board of directors' appointment of Ernst & Young LLP as Spartan Motors' independent auditors for the current fiscal year and (3) with respect to any other matters that may come before the meeting or any adjournment of the meeting, in accordance with the discretion of the persons named as proxies on the proxy card.

#### **How to Revoke Your Proxy**

If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the meeting by doing any of three things:

- by delivering written notice of revocation to Spartan Motors' Corporate Secretary, 1165 Reynolds Road, Charlotte, Michigan 48813;
- by delivering a proxy card bearing a later date than the proxy that you wish to revoke; or
- by attending the meeting and voting in person.

Your last vote is the vote that will be counted. Please note that merely attending the meeting will not by itself revoke your proxy.

If you are a street name holder and have instructed your broker to vote your shares, you must follow directions from your broker to change your vote.

#### **Quorum**

In order for business to be conducted at the meeting, a quorum must be present. The presence in person or by properly executed proxy of the holders of a majority of all issued and outstanding shares of common stock entitled to vote is necessary for a quorum at the meeting. For purposes of determining whether a quorum is present, we will include shares that are present or represented by proxy, even if the holders of the shares abstain from voting on any particular matter.

#### **Adjournment**

The shareholders present at the meeting, in person or by proxy, may by a majority vote adjourn the meeting despite the absence of a

quorum. If there is not a quorum at the meeting, Spartan Motors expects to adjourn the meeting to solicit additional proxies.

If you vote against the proposals listed above by proxy and a proposal to adjourn the meeting for the purpose of soliciting additional votes in favor of the proposals is presented, the persons named in the enclosed proxy card will not vote your shares in favor of the adjournment proposal.

#### **Required Votes**

**Election of Directors.** A plurality of the shares voting is required to elect directors. This means that if there are more nominees than positions to be filled, the nominees who receive the most votes will be elected to the open director positions. In counting votes on the election of directors, abstentions, broker non-votes and other shares not voted will be counted as not voted. These shares will be deducted from the total shares of which a plurality is required.

**Other Matters.** Each other proposal to be voted on at the meeting will be approved if a majority of the shares present or represented by proxy at the meeting and entitled to vote on the proposal are voted in favor of the proposal. In counting votes on each such proposal,

-2-

---

abstentions and broker non-votes will not be counted as voted on the proposal. Shares that are not voted will be deducted from the total shares of which a majority is required.

**Broker Non-Votes.** A broker non-vote occurs when a shareholder holds his or her stock through a broker and the broker does not vote those shares. This usually occurs because the broker has not received timely voting instructions from that shareholder and the broker does not have discretionary voting power for the particular item upon which the vote is taken. If you hold your shares in street name, your broker will vote your shares as you direct if you provide instructions on how to vote by following the information provided to you by your broker.

## **Election of Directors**

---

#### **Nominees for Election**

The board of directors proposes that the following three individuals be elected as directors of Spartan Motors for three-year terms expiring at the annual meeting of shareholders to be held in 2004:

George Tesseris  
David R. Wilson  
Kim Korth

Each of these nominees is presently a director of Spartan Motors whose term will expire at the annual meeting. Biographical information concerning the nominees appears below under the heading "Spartan Motors' Board of Directors," beginning on page 6.

The persons named as proxies in the proxy card intend to vote for the election of each of the nominees. The proposed nominees are willing to be elected and to serve as directors of Spartan Motors. However, if any of the nominees becomes unable to serve or otherwise unavailable for election, which we do not anticipate, the incumbent board of directors may or may not select a substitute nominee. If a substitute nominee is selected, the shares represented by your proxy card will be voted for the election of the substitute nominee(s), unless you give other instructions. If a substitute is not selected, all proxies will be voted for the election of the remaining nominees. Proxies will not be voted for more than three nominees.

***Your board of directors recommends that you vote FOR election of all nominees as directors.***

The Compensation Committee of the board of directors develops and recommends to the board of directors the executive compensation policies of Spartan Motors. The Compensation Committee also administers Spartan Motors' executive compensation program and recommends for approval to the board of directors the compensation to be paid to the Chief Executive Officer and other executive officers. The Compensation Committee consists of three directors, none of whom is a current or former employee of Spartan Motors.

**Compensation Philosophy**

The Compensation Committee's executive compensation philosophy is to provide competitive levels of compensation as well as incentives to achieve superior financial performance. The Compensation Committee's policies are designed to achieve the following five primary objectives:

- integrate management's compensation with the achievement of Spartan Motors' annual and long-term performance goals;
- reward above-average corporate performance;
- recognize individual initiative and achievement;
- attract and retain qualified management; and

- align the interests of management with those of shareholders to encourage achievement of continuing increases in shareholder value.

The Compensation Committee sets management compensation at levels which the Compensation Committee believes are consistent with other companies in Spartan Motors' industry.

In 1994, Spartan Motors engaged Management Resource Center, Inc., a compensation consulting firm, to review its compensation policies and competitive compensation levels. The Compensation Committee has considered and currently intends to continue to consider the recommendations of Management Resource Center, Inc., in developing Spartan Motors' executive compensation program and making specific compensation decisions.

Executive compensation consists of both cash and equity, and includes: (1) base salary; (2) profit-sharing incentive bonus; and (3) long-term incentive through participation in stock option plans. In addition, Spartan Motors provides various benefits to its employees, including Spartan Motors' executive officers.

Section 162(m) of the Internal Revenue Code provides that publicly held corporations may not deduct compensation paid to certain executive officers in excess of \$1 million annually, with some exceptions. Spartan Motors has examined its executive compensation policies in light of Section 162(m) and the regulations adopted by the Internal Revenue Service to implement that section. We do not expect that any portion of Spartan Motors' deduction for employee remuneration will be disallowed in 2001 or in future years by reason of awards granted in 2001.

#### **Base Salary**

To attract and retain well qualified executives, the Compensation Committee's policy is to establish base salaries at levels and provide benefit packages that are considered to be competitive. Base salaries for executive officers are determined initially by evaluating the responsibilities of the position and the experience of the individual, and by reference to the competitive marketplace for management talent, including a comparison of base salaries for comparable positions at similar companies

-11-

---

within the custom chassis industry. Some of the companies used for this comparison are included in the indices used in the Stock Price Performance Graph presented in this proxy statement (see page 14).

The Compensation Committee believes that base salaries should approximate the mid-point of the range of salaries paid for similar positions by companies in similar industries. The Compensation Committee may recommend adjustments on a periodic basis to maintain the desired levels of base salaries for Spartan Motors' executives.

The Compensation Committee determines annual salary adjustments by evaluating the competitive marketplace and the performance of Spartan Motors and the executive officer, as well as any increased responsibilities assumed by the executive officer. Salary adjustments are determined and implemented generally on a 12-month cycle.

#### **Annual Incentive Bonus**

The Compensation Committee selects members of management to participate in Spartan Motors' incentive bonus program. The Compensation Committee considers several factors in determining the annual incentive bonus, if any, paid to management, including achievement of Spartan Motors' strategic and operating goals and an individual's achievement of personal goals. In addition, the Compensation Committee considers factors such as net earnings per share, revenues, return on assets and return on equity.

#### **Stock Option Plans**

Spartan Motors currently grants stock options under its 1994 Incentive Stock Option Plan and its Stock Option and Restricted Stock Plan of 1998. Spartan Motors' stock option plans allow officers and key employees to purchase common stock of Spartan Motors at a price established on the date of grant. Options granted under the Stock Option and Restricted Stock Plan of 1998 that do not qualify as incentive stock options under Section 422(b) of the Internal Revenue Code must have an exercise price equal to at least 85% of the fair market value of Spartan Motors common stock. Incentive stock options granted under the 1994 Incentive Stock Option Plan or the Stock Option and Restricted Stock Plan of 1998 must have an exercise price equal to at least 100% of the fair market value. The Compensation Committee administers all aspects of the plans and reviews, modifies (to the extent appropriate) and approves management's recommendations for awards.

Absent unusual circumstances, the Compensation Committee historically has granted stock options on an annual basis to officers, key employees and directors who are employees of Spartan Motors and on a biannual basis to directors who are not employees of Spartan Motors. Spartan Motors' stock option plans are designed to encourage long-term investment in Spartan Motors by participating executives and key employees, more closely align executive and shareholder interests and reward executive officers and other key employees for building shareholder value. The Compensation Committee believes stock ownership by management and other key employees is beneficial.

In determining the number of options to be awarded to an officer or key employee, the Compensation Committee takes into consideration the levels of responsibility and compensation of the individual. The Compensation Committee also considers the recommendations of management (other than awards to the Chief Executive Officer), the individual performance of the officer or employee and the number of shares or other compensation awarded to the officer or employee at other companies. Generally, both the number of shares granted and their proportion relative to the total number of shares granted increase corresponding to the level of a participant's responsibility. Although the Compensation Committee also may consider the number of options already held by an officer or employee, this factor is not considered to be particularly important by the Compensation

Committee in determining the amounts of awards.

#### **Chief Executive Officer**

The Chief Executive Officer's compensation is based on the policies and objectives outlined above for all executive officers. Mr. George Szykiel's base salary in 2000 was approximately 9.1% above his 1999 salary. Mr. Szykiel's annual incentive bonus award for 2000 was \$69,519, which includes Spartan Motors' quarterly bonus program and his annual incentive bonus. During 2000, Mr. Szykiel was awarded options to purchase 12,500 shares of Spartan Motors common stock.

#### **Board Approval**

All recommendations of the Compensation Committee attributable to 2000 compensation were unanimous and were approved and adopted by the board of directors without modification.

Respectfully submitted,

George Tesseris, Chairman  
Charles E. Nihart  
James C. Penman

## **Audit Committee Report**

The Audit Committee reviews and supervises Spartan Motors' procedures for recording and reporting the financial results of its operations on behalf of the board of directors. Spartan Motors' management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. As part of its supervisory duties, the Audit Committee has reviewed Spartan Motors' audited financial statements for the year ended December 31, 2000, and has discussed those financial statements with Spartan Motors' management.

The Audit Committee has also discussed with Spartan Motors' independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, the judgments of the independent auditors concerning the quality of Spartan Motors' accounting principles and such other matters that are required under generally accepted accounting principles to be discussed with the independent auditors. In addition, the Audit Committee has received from the independent auditors the written disclosures required by the Independence Standards Board and has discussed their independence from Spartan Motors and Spartan Motors' management with them, including a consideration of the compatibility of non-audit services with their independence.

After and in reliance upon the reviews and discussions described above, the Audit Committee recommended to Spartan Motors' board of directors that the audited financial statements for the year ended December 31, 2000 be included in Spartan Motors' Annual Report on Form 10-K for the year ended December 31, 2000.

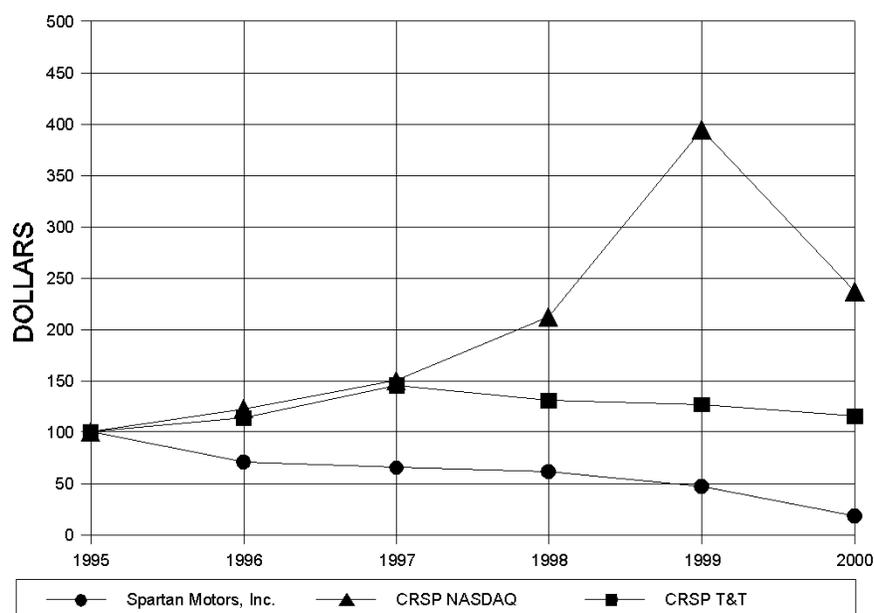

Respectfully submitted,

Charles E. Nihart, Chairman  
George Tesseris  
James C. Penman

## **Stock Price Performance Graph**

The following graph compares the cumulative total shareholder return on Spartan's common stock to the CRSP Total Return Index for The Nasdaq Stock Market ("**CRSP NASDAQ**") and the CRSP Total Return Index for Trucking and Transportation Stocks reported on The Nasdaq Stock Market ("**CRSP T&T**"), over a five-year period ended December 31, 2000, using 1995 as a base period. The CRSP NASDAQ is a broad-based equity market index developed by the Center for Research in Security Prices at the University of Chicago. The CRSP T & T is comprised of companies with a market capitalization similar to that of Spartan Motors and also is developed by the Center for Research in Security Prices. The CRSP NASDAQ index and CRSP T&T index both assume dividend reinvestment. Cumulative total shareholder return is measured by dividing (1) the sum of: (a) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and (b) the difference between the share price at the end and the beginning of the measurement period, by (2) the share price at the beginning of the measurement period.

## Section 16(a) Beneficial Ownership Reporting Compliance

---

Section 16(a) of the Securities Exchange Act of 1934 requires Spartan Motors' directors and officers and persons who beneficially own more than 10% of the outstanding shares of Spartan Motors common stock to file reports of ownership and changes in ownership of shares of common stock with the Securities and Exchange Commission. Directors, officers and greater than 10% beneficial owners are required by SEC regulations to furnish Spartan Motors with copies of all Section 16(a) reports they file with the SEC. Based solely on Spartan Motors' review of the copies of such reports received by it, or written representations from certain reporting persons that no reports on Form 5 were required for those persons for the 2000 fiscal year, Spartan Motors believes that its directors and officers complied with all applicable filing requirements during 2000.
