

Forward-Looking Statement

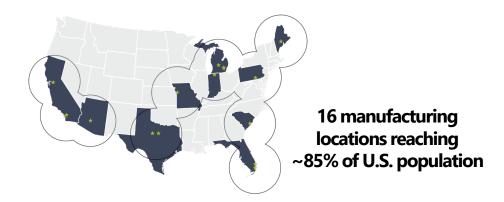

This presentation contains information, including our sales and earnings guidance, all other information provided with respect to our outlook for 2023 and future periods, and other statements concerning our business, strategic position, financial projections, financial strength, future plans, objectives, and the performance of our products and operations that may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We intend the forward-looking statements to be covered by the safe harbor provisions for forward-looking statements in those sections. Generally, we have identified such forward-looking statements by using words such as "believe," "expect," "intend," "potential," "future," "may," "will," "should," and similar expressions or by using future dates in connection with any discussion of, among other things, the construction or operation of new or existing facilities, operating performance, trends, events or developments that we expect or anticipate will occur in the future, statements relating to volume changes, share of sales and earnings per share changes, anticipated cost savings, potential capital and operational cash improvements, anticipated disruptions to our operations and industry due to the COVID-19 pandemic, changes in supply and demand conditions and prices for our products, trade duties and other aspects of trade policy, statements regarding our future strategies, products and innovations, and statements expressing general views about future operating results. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking. Forward-looking statements are not historical facts, but instead represent only the Company's beliefs regarding future events, many of which, by their nature, are inherently uncertain and outside of the Company's control. It is possible that the Company's actual results and financial condition may differ, possibly materially, from the anticipated results and financial condition indicated in these forward-looking statements. Management believes that these forward-looking statements are reasonable as of the time made. However, caution should be taken not to place undue reliance on any such forward-looking statements because such statements speak only as of the date when made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the Company's historical experience and our present expectations or projections. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the Company's historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, the risks and uncertainties described in "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2022, and those described from time to time in our reports filed with the Securities and Exchange Commission (SEC), which are available at www.sec.gov or our website. All forward-looking statements in this presentation are qualified by this paragraph. Investors should not place undue reliance on forward-looking statements as a prediction of actual results. We undertake no obligation to publicly update or revise any forward-looking statements in this presentation, whether as a result of new information, future events, or otherwise.

The financial results included within this presentation are from continuing operations unless otherwise noted.

The Shyft Group at a Glance

Solid product portfolio aligned to attractive growth markets

4,200 Employees

Shyft Group Key Messages

- Delivered record \$1B of sales in 2022 and well positioned for 20%+ EBITDA growth in 2023
- Proven transformation of the company since 2015 and the next chapter of our transformation is underway with Blue Arc EV
- Strategically focused on long-term growth markets, including e-commerce and infrastructure
- **Executing Blue Arc EV program which will deliver significant future growth**
- 5 Strong balance sheet with flexibility to deploy capital efficiently

Delivering Positive Financial & Operational Results

2022 was a tremendous year for the Shyft Group and we are well positioned to grow in 2023

2022 RESULTS

- Achieved record sales of \$1B, up 4%, with strong service body revenue growth
- Meaningful progress made on Blue Arc EV milestones
- Continued financial strength and investing in the business for future growth

\$1B	Sales
0.93x	Net Leverage Ratio

2023 OUTLOOK

- Expect sales growth of 7% despite cautious view on macroeconomic impact
- Free cash flow conversion as a percentage of net income is expected to be greater than 100% as working capital is reduced
- Blue Arc EV program remains on track with production planned for second half

\$833M	Backlog (as of Dec 31, 2022)
20%+	Adj. EBITDA Growth (at midpoint)

Purposeful Actions to Transform and Grow The Shyft Group

Delivering shareholder value through innovation and growth

Adjusted EBITDA %

Parcel Delivery Growth Clear through 2025

Well positioned to benefit from long-term growth trends in e-commerce and delivery markets

US Ecommerce Penetration

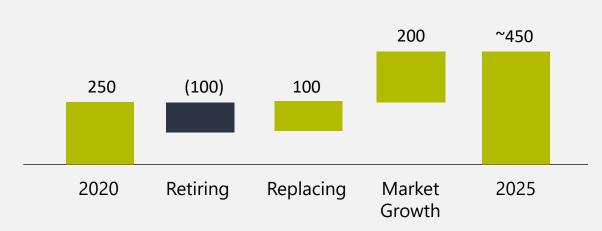

US Last-Mile Delivery Outlook

- Package volume to increase to ~31B packages by 2025 a 7-10% CAGR
- US remains underpenetrated vs. other developed countries
- ~70% of fleets indicated their average commercial vehicle ages exceed normal replacement cycle

Fleet Vehicle Demand Sources

(Units in thousands)

Utilimaster: Industry Leader in Parcel

- WIVs remain unmatched in cargo capacity, durability, and efficiency
- Well positioned ship-thru upfitting business provides good exposure to growth in cargo vans
- Large installed base and long-standing customer relationships
- Refrigerated solutions across all Class sizes

^{*}Source: Multiple industry reports and third party commissioned study.

Industry Leading Vocational Work Trucks

Infrastructure projects driving strong demand for vocational work trucks

SV Product Offerings

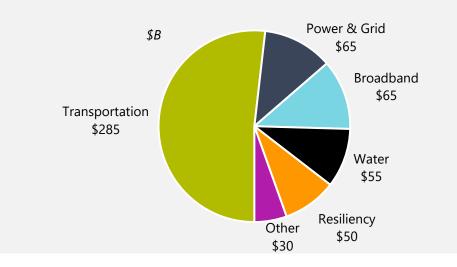

Government Infrastructure Spending

\$550B

Infrastructure Investment & Jobs Act (IIJA)

New federal spending to be allocated over the next five years to subsectors including:

Accelerating Growth with EV

Well-positioned to lead the evolution of commercial fleets toward zero-emission vehicles

Why We're Here

Customer Demand

Customers asked us to engage

Trusted Partner

Leader in the last-mile delivery industry

Green Mandates

Customer ESG pledges to reduce emissions

Regulatory Support

Governmental mandates and incentives

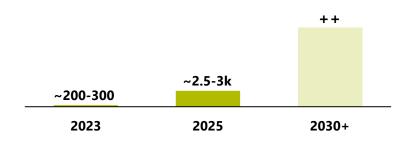

What We Bring

- ✓ Building delivery vehicles for almost 50 years and understand customer's needs
- ✓ Culture of innovation centered around Work Driven Design process
- ✓ Large installed base and long-standing customer relationships

What It Delivers

Blue Arc Unit Volume

Commercial Fleet EV Adoption

Not overnight but accelerates after 2025

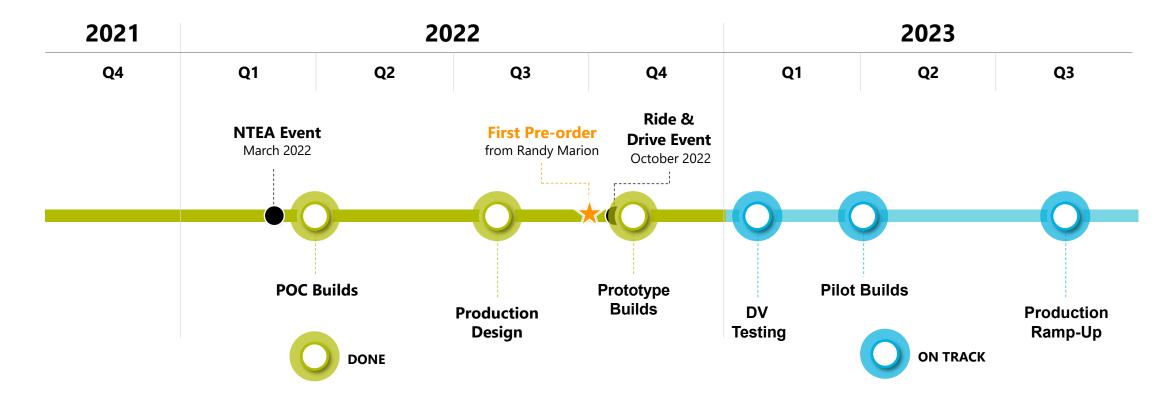

Revenue Opportunity

\$500M+ by 2025

Delivering on Blue Arc EV Program Timeline

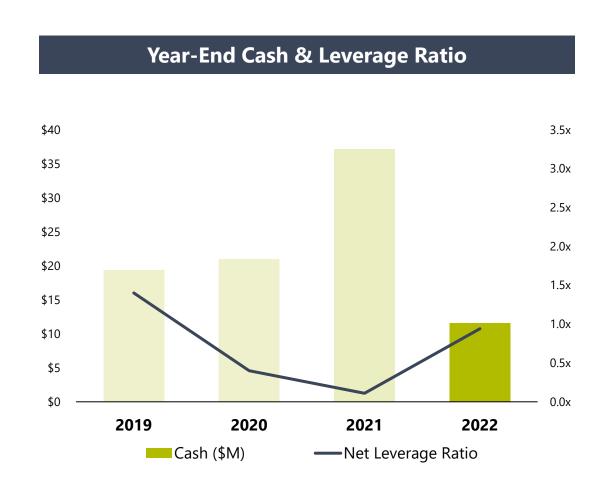

Meeting timeline commitments to produce a world-class EV product on time and on spec

Program Timeline and Manufacturing Plan

Disciplined Capital Allocation Strategy

Strong balance sheet with flexibility to deploy capital efficiently

Disciplined Capital Allocation Strategy Highlights

Cash Flow Generation

• Expect to generate free cash flow greater than 100% of net income in 2023

Capital Structure

Leverage remains low and within our targeted range

Organic & Inorganic Growth

 Continued investment in organic growth opportunities and actively managing a M&A funnel

Efficient Return of Capital

 \$242M remaining on authorized share repurchase program as of Dec 31, 2022

Why Invest in the Shyft Group?

Customer Focused Innovation

Win by delivering value to customers

Operational Excellence

Driving lean initiatives and automation

Financial Strength

Flexibility to invest and return capital

Thank you.

Reconciliation of Non-GAAP Financial Measures

This presentation presents Adjusted EBITDA (earnings before interest, taxes, depreciation and amortization), adjusted net income, and adjusted earnings per share, each of which is a non-GAAP financial measure. These non-GAAP measures are calculated by excluding items that we believe to be infrequent or not indicative of our underlying operating performance, as well as certain non-cash expenses. We define Adjusted EBITDA as income from continuing operations before interest, income taxes, depreciation and amortization, as adjusted to eliminate the impact of restructuring charges, acquisition related expenses and adjustments, non-cash stock-based compensation expenses, and other gains and losses not reflective of our ongoing operations.

We present the non-GAAP measure Adjusted EBITDA because we consider it to be an important supplemental measure of our performance. The presentation of Adjusted EBITDA enables investors to better understand our operations by removing items that we believe are not representative of our continuing operations and may distort our longer-term operating trends. We believe this measure to be useful to improve the comparability of our results from period to period and with our competitors, as well as to show ongoing results from operations distinct from items that are infrequent or not indicative of our continuing operating performance. We believe that presenting this non-GAAP measure is useful to investors because it permits investors to view performance using the same tools that management uses to budget, make operating and strategic decisions, and evaluate our historical performance. We believe that the presentation of this non-GAAP measure, when considered together with the corresponding GAAP financial measures and the reconciliations to that measure, provides investors with additional understanding of the factors and trends affecting our business than could be obtained in the absence of this disclosure.

Our management uses Adjusted EBITDA to evaluate the performance of and allocate resources to our segments. Adjusted EBITDA is also used, along with other financial and non-financial measures, for purposes of determining annual incentive compensation for our management team and long-term incentive compensation for certain members of our management team.
